Vacation Requests

This is important for everyone working off the Spares board and receiving work assignments through Dispatch.

Once again we are into the height of our busy vacation season and, to date, we have received over 100 requests for vacation relief. This alone has stretched our resources to the maximum, not to mention the Commissionaires off on sick leave or for family related reasons. We also have several spares who have restricted themselves by not working certain shifts or sites. All of these factors have greatly impacted our ability to fill all shifts 24/7. Several sites have been forced into overtime and, some vacation requests had to be either cancelled or rescheduled. Further adding to our difficult task of finding replacements is the continuous stream of last minute vacation requests from both full time staff and spares. It is imperative that all Commissionaires, whether full time or spare, submit their vacation requests to the Corps office by **March 31st** each year (as per Corps policy, HR Manual Paragraph 253.3)

A **special thank you** to all you, both full time and on the spares board, who have worked overtime and even given up some of your days off to assist us. Your efforts have been noted and are truly appreciated.
