## Kudos!

Cmre McQueen was on duty in a construction zone on W/B Bishop Grandin on August 1st at 1025 when she observed a small young girl **riding her bicycle in heavy, heavy traffic.**

Yikes!! Did her parents know where she was? Cmre McQueen acted instantly and exited her vehicle and got the little girl off the roadway. Cmre McQueen could only obtain minimal information from the child. The little girl was only 5 years old and really had no idea where she was. The child thought she lived somewhere towards River Road. The child did not know her address, phone number or how to spell her last name. Cmre McQueen placed the bicycle in her vehicle and with the little girl safely secured drove to a safer location out of the flow of traffic where she contacted the Winnipeg Police Service. She turned the child and her bicycle over to the WPS officers. While we do not know the final outcome of this story we do know that it is entirely possible that without Cmre McQueen's quick action there could have been a traffic tragedy. We feel her actions bring great credit to herself, her training and the Corps. Cmre McQueen is an outstanding example of why we are proud to say that Commissionaires are **Trusted . Everyday. Everywhere.**  
.....**WELL DONE!**

## WELCOME ABOARD!

We are happy to announce that the latest addition to your Div Office staff is Ms Erin Garner. Erin is a graduate of the Red River College, Creative Communications program. As our (your) Marketing Coordinator, Erin will be working to develop and expand business opportunities for us. This will allow our current Business Managers to focus on the management of existing client relationships leaving the business development side to Erin. We are very happy to have her with us and look forward to exciting times ahead. However, before she gets involved with the marketing task Erin will observe CQC 2008-7 which runs 11 - 20 Aug. This will obviously give her the same appreciation of the basics of your jobs and help situate her to deal with our clients.

The next time you are in the office drop in and say hello. She is located in the old Ident services area and her local phone number is 2223.
