Level II Security Clearance Upgrades

Effective 01 April 2010 more federal government sites will require our Commissionaires to have a level 2 (secret) security clearance.

Since PWGSC did not specify which sites would be immediately affected by this requirement, we must be proactive and commence upgrading all Commissionaires currently assigned to federal sites, including spares, to a level 2 clearance.

It often takes months to secure this level of clearance and in order to be ready for 01 April, we must commence the process now. Everyone needing an upgrade has been identified and within the next week, the security clearance application forms will be sent to you.

You must fill them out and return them to HQ **no later than 31 Aug 09**, Attention: Vivianne Hogg (DSO). Once received, all forms will reviewed and submitted electronically to Ottawa.

The forms must also be printed down and signed by each individual. Ink & roll finger prints must also be taken and sent to Ottawa.

Thus there is a lot of work ahead of us and we ask that you cooperate in order to achieve our goal.

Please address any questions or concerns to **Vivianne (ext 2218)**.
